

# Information

## GSI is a new company with different approach!!!

GSI Solution Inc., was founded with the intention to provide our customers with the most efficient, economic and market tested solutions, giving them a decisive advantage in a very competitive market.

We know that the media market, newspapers, magazines, radio, television, internet, tablets etc. are going through a technological transition period, where it is of great importance to obtain the best solutions that solve everyday problems, freeing up resources that can be used in other productive areas.

GSI Solutions Inc. will focus on providing solutions that automate processes that save both human and material resources, ensuring a return of investment in the shortest possible time. Led by German Acevedo, who has over 25 years' experience in the industry, newspapers and graphic industry, with a track record of honesty and customer service, ensures that this new company to quickly become an industry leader. Located in the city of Miami, Florida, GSI Solutions Inc., has an advantage strategically and geographically because is located at the gateway of the Americas.
